Dear Friends,

As we stand united in the ongoing movement against black money launched by our Hon'ble Prime Minister, it has become imperative for us to think towards making our economy less dependent on cash for our day to day transactions. Worldwide, many countries have been been able to achieve this. With the available technologies, a common man, with his mobile phone (not necessarily a Smartphone), can easily do transactions from his bank account without involving the use of cash by using other medium of payments like- E-Wallets, Unified Payment Interface (UPI), National Unified USSD Platform (NUUP) etc.

The need is to have information about those alternative medium of payments, which would enable lesser use of cash, to each and every citizen of this country. A Presentation on Digital Payments and links to some videos on use of alternative mode of payments are being shared-

1. Use of E-Wallet -SBI Buddy- https://www.youtube.com/watch?v=QFxW9ZY-ol4&t=2s
2. Demo on UPI- https://www.youtube.com/watch?v=dax5v0UyUYE&t=1s
3. Demo on NUUP- https://www.youtube.com/watch?v=dtnQk1hm8qI&t=23s

Please do watch and share these videos and help people around you as much as possible.

Jai Hind

Piyush Goyal
Minister of State (IC) for Power, Coal, New & Renewable Energy and Mines
Government of India
